

Conference on Translational Bioinformatics on 17th December, 2018

'Division of Bioinformatics', Bose Institute (Kolkata) is going to organize a One day conference on "**Translational Bioinformatics**" at Bose Institute on 17th of December this year. Its main focus is on biomedical data mining, analyses of biological and clinical data and different therapeutic approaches to address complex diseases like cancer.

VENUE: Bose Institute, Centenary Campus, Annexe building seminar hall (2nd floor)

Program Details

Time	
9.45-10.15	Registration
10.15-10.30	Introductory session
Scientific session <i>Chair:</i> Prof. Pinak Chakrabarti	
10.30-11.00	Epigenetic plasticity in human acute myeloid leukemia pathobiology by Amitava Sengupta, IICB, Kolkata
11.00-11.20	High tea
11.20-11.50	The cellular basis of oral tumor evolution by Sandeep Singh, NIBMG, Kalyani
11.50 -12.20	Emerging approaches for designing peptide based therapeutics by Rituparna Sinha Roy, IISER Kolkata
12.20-12.50	Multimodal Data Integration for Disease Diagnosis: Genomics, Imaging to Imaging Genomics by Pradipta Maji, ISI Kolkata
Concluding remarks	
1.00 pm	Lunch
